Dear Sir/Madam,

APPLICATION FOR ADOPTION

We, (names), hereby formally apply to your ministry for the adoption of a child. We have always wanted to add a child to our family through adoption. We feel that our home and family will be strengthened and enriched through this experience.

We have been married for about ... years and live in

Our home is well-suited and offers enough space for a child. Our community is very supportive of one another and we enjoy good quality schools, parks, and medical facilities.

We know we could provide all the love, material, educational, and emotional needs of a child. We are capable and willing to open our home and to provide a loving and conducive environment to raise an adopted child.

We hope you will favorably consider and grant us this request. We could be honored to bring a child from your country into our lives and homes. Thank you for allowing us this great privilege.

Thank you for your kind cooperation.

Yours Sincerely,
